

En Pointe Technologies, Inc. Subsidiary firstsource.com Secures \$15 Million in Fundings

LOS ANGELES, Feb. 16 -- En Pointe Technologies, Inc., a leading national provider of business-to-business information technology products and services, announced today that its subsidiary, firstsource.com, inc., had completed a \$15 million investment in firstsource Series A Preferred Stock.

"We are pleased that firstsource has completed this funding," said Bob Din, CEO of En Pointe Technologies, Inc. "With this new funding, firstsource will also expand its initiatives targeting mid-size businesses through its storefronts."

About firstsource corp.

firstsource corp., a subsidiary of En Pointe Technologies, Inc., is a leading business-to-business e-commerce provider of innovative procurement solutions for small and medium-sized companies over the Internet. Customers of firstsource corp.'s three business units, inpowr(SM), firstsource connect(SM) and firstsource.com, utilize its proprietary end-to-end sourcing/purchasing/fulfillment online management system, the inpowr(SM) FSP platform, to connect directly with multiple distributors of business products.

The inpowr(SM) business unit licenses access to the inpowr(SM) FSP platform in whole or in part to companies who desire to build online e-businesses, and firstsource connect(SM) creates customized Web-based purchasing centers for companies seeking to reduce procurement costs, streamline internal requisition processes and improve service delivery.

With more than 279,000 unique product SKUs to choose from, businesses shopping at www.firstsource.com can search, compare, price and purchase business products and services 24 hours a day, seven days a week.

About En Pointe Technologies, Inc.

En Pointe Technologies, Inc. is a national business-to-business e-commerce provider of IT products and value-added services, using proprietary and non-proprietary software and systems to drop-ship materials, repair and operation ("MRO") products to its customers through an electronically linked network of the largest allied distributors in the U.S. This software allows En Pointe to serve as an electronic clearinghouse of computers and computer related products without many of the risks and costs associated with maintaining inventory. En Pointe offers its customers direct on-line access to 70% of the mainstream PC products. En Pointe Professional Services offers "total solution" system consulting services such as: pre-sale consulting, design, training, customization and integration.

En Pointe is represented nationally with a concentration in more than 20 sales and service markets throughout the United States, as well as a value-added ISO 9002 certified integration facility in Ontario, California. Visit En Pointe at www.enpointe.com.
