

En Pointe Technologies Awarded Contract by the County of Los Angeles

Los Angeles, CA - March 13, 2003 - En Pointe Technologies, Inc. (NASDAQ:ENPT), a leading national provider of information technology products and services, today announced that it has been awarded a contract by the County of Los Angeles to provide county agencies with personal computers, peripherals, software and related services. The contract has been awarded for an initial term of three years to be followed by two possible one-year extensions.

“We’re very pleased that the County of Los Angeles will continue to be our customer well into the future,” said Bob Din, Chairman and CEO of En Pointe Technologies, Inc. “The relationships we’ve developed with agencies throughout the County, and our ability to meet their requirements for both products and services, has allowed us to grow the County of Los Angeles into one of our premier accounts.”

This award represents one of several contracts awarded to resellers and manufacturers to provide technology products and services to the County of Los Angeles. En Pointe has been providing these products and services to the County since 1996 under similar agreements.

About En Pointe Technologies, Inc.

En Pointe Technologies, Inc. is a leading national provider of information technology products, e-business solutions and professional services to medium and large commercial customers and government and educational accounts of all sizes. A state-of-the-art e-commerce network electronically links En Pointe, via AccessPointe™ and its back-office business systems, to the largest distributors and manufacturers in the industry. En Pointe offers direct on-line access to several billion dollars of mainstream IT products available in the US while eliminating the risks associated with carrying significant inventory. Its flagship software AccessPointe™ provides En Pointe's customers with the ability to create private electronic exchanges, accessed through the Web, procurement applications or ERP systems, to efficiently manage the procurement process and allow the Company's customers to make fully informed strategic buying decisions. En Pointe Professional Services offers value added services such as: Pre-sales consulting, Technology Planning and Management, which includes -- integration, configuration, deployment and migration, Helpdesk Support Services, Project and Program Management, and Infrastructure Support and Maintenance.

En Pointe, a minority business enterprise (MBE), is represented nationally with a concentration in over 22 sales and service markets throughout the United States, as well as a value-added ISO 9002 certified integration operation in Ontario, California.
