

En Pointe Gov, Inc. Receives Federal Letter of Supply from HP

Los Angeles, CA, July 12, 2006— En Pointe Gov, Inc. a wholly-owned subsidiary of En Pointe Technologies (NASDAQ: ENPT), today announced that it has received a Letter of Supply (“LOS”) to sell HP products on its GSA schedule to the Federal government.

"The HP LOS comes at a time when manufacturers are generally reducing the number of suppliers serving the Federal government" said Bob Din, CEO of En Pointe Technologies. "We believe that our unique value-add capabilities, including our E-Business infrastructure and nationwide footprint, will successfully uncover new opportunities for HP products within the numerous agencies of the U.S. Government."

Din added, "As an HP Platinum business partner, En Pointe has proven that it has the resources and know-how to support HP customers, from printing and imaging products, desktops and notebooks, to networking and servers."

En Pointe currently has over 30 manufacturers on its GSA schedule, and has a national footprint for both sales and services, which includes its unique security solutions and logistic services that manage the lifecycle of products from acquisition to disposition. These offerings differentiate the Company from its competitors in pursuing Federal government sales.

Federal Agencies can visit www.enpointegov.com to shop online or to view the list of products on the GSA schedule.
