

## **En Pointe Achieves Gold Certification from Cisco**

### **Gold Certification Demonstrates En Pointe's Expertise and Commitment to Customer Service**

Los Angeles – February 19, 2008 – En Pointe Technologies, Inc., (NASDAQ:ENPT), – announced today it has achieved Gold Certification from Cisco®. To earn Gold Certification, En Pointe had to meet rigorous standards for networking competency, service, support and customer satisfaction set forth by Cisco.

“This designation offers the highest level of branding, economic incentives, and differentiation amongst competition, and is a testimonial to our commitment to customer service through the use of Cisco technologies,” said Bob Din, the CEO for En Pointe Technologies. “It allows us to offer better solutions to existing and new customers.”

The Cisco Gold Partner Program provides partners with the training required to build sales, technical, and Cisco Lifecycle Services skills, and then validates their skills through a third-party audit. Cisco resale partner certifications—Gold, Silver, Premier and Select—represent an increasing breadth of skills across key technologies and a partner's ability to deliver integrated networking solutions. Cisco resale partner specializations—Master, Advanced and Express—reflect an increasing depth of sales, technical and service expertise in particular technologies.

“We are committed to providing the tools, training and programs that help drive partner growth, differentiation and profitability,” said Edison Peres, Vice President and Chief Go-To-Market Officer for worldwide channels at Cisco. “With specializations in Unified Communications, Routing and Switching, Security, and Wireless LAN, En Pointe has made an investment in developing the capability to deliver the integrated and customized technology solutions today's customers demand.”

As a Cisco Gold Certified Partner, En Pointe has met the requirements for attaining the broadest range of expertise across multiple technologies by achieving multiple Cisco advanced specializations. In addition, En Pointe has integrated Cisco Lifecycle Services into their offerings and is required to maintain high levels of customer satisfaction.

#### **About En Pointe Technologies, Inc.**

En Pointe Technologies, Inc. provides the information technology marketplace, including mid-market and enterprise accounts, government agencies, and educational institutions nationwide, with computer hardware, software, information security, and managed and professional services. En Pointe has the flexibility to customize information technology services to fulfill the unique needs of each of its customers.

En Pointe employs SAP, Clarify(TM), and AccessPointe(TM) (an e-procurement application), proven and dependable software applications, to support its broad customer base. Founded in 1993 and headquartered in Los Angeles County, En Pointe maintains an ISO 9001:2000 certified configuration center in San Bernardino County, California and is well represented in leading national markets throughout the United States. En Pointe has the experience and the technology to help organizations simplify the management of their information technology infrastructure.

This document contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. In addition, from time to time, En Pointe Technologies, or its representatives, have made or may make forward-looking statements, orally or in writing. The words "estimate," "project," "potential," "intended," "expect," "anticipate," "believe" and similar expressions or words are intended to identify forward-looking statements. Such forward-looking statements may be included in, but are not limited to, various filings made by En Pointe with the Securities and Exchange Commission, press releases or oral statements made with the approval of an authorized executive officer of the Company. Actual results could differ materially from those projected or suggested in any forward-looking statements as a result of a wide variety of factors and conditions. Reference is hereby made to En Pointe's Annual Report on Form 10-K for the fiscal year ended September 30, 2007 for information regarding those factors and conditions. Among the important factors that could cause actual results to differ materially from management's projections, estimates and expectations include, but are not limited to: changing economic influences in the industry; dependence on key personnel; actions of manufacturers and suppliers; and availability of adequate financing. Readers are cautioned not to place undue reliance upon these forward-looking statements that speak only as of the date of this press release. En Pointe undertakes no obligation to update publicly any forward-looking statements to reflect new information, events or circumstances after the date of this press release or to reflect the occurrence of unanticipated events.
