

En Pointe Awarded Government Contract Extension

Services Revenue Continues to Grow

Los Angeles, CA – July 1, 2008 – En Pointe Technologies, Inc., (NASDAQ:ENPT), announced today that En Pointe was awarded a six months multi-million dollar contract extension with a western region governmental entity. The contract covers hardware procurement, software licensing and various professional and managed services. En Pointe's service projects for this customer have included implementation of strategic Microsoft networking technologies, Cisco switching, Citrix assessments and upgrades, IBM and HP data center refreshes, and maintenance contracts.

En Pointe's Consulting Services include gigabit routing and switching upgrades, Microsoft SMS & HP OpenView deployments, help desk consulting, desktop upgrades and operations support.

"We are very pleased to have customers that rely on us for technology products as well as I.T. services. Customers that do take advantage of our comprehensive set of offerings benefit from a single source that brings more value to the overall I.T. lifecycle management process," explained Bob Din, CEO of En Pointe, "This contract extension ensures that there is no interruption of service for our customer."

About En Pointe Technologies, Inc.

En Pointe Technologies, Inc. provides the information technology marketplace, including midmarket and enterprise accounts, government agencies, and educational institutions nationwide, with computer hardware, software, information security, and managed and professional services. En Pointe has the flexibility to customize information technology services to fulfill the unique needs of each of its customers. En Pointe employs SAP, Clarify(TM), and AccessPointe(TM) (an e-procurement application), proven and dependable software applications, to support its broad customer base.

Founded in 1993 and headquartered in Los Angeles County, En Pointe maintains an ISO 9001:2000 certified configuration center in San Bernardino County, California and is well represented in leading national markets throughout the United States. En Pointe has the experience and the technology to help organizations simplify the management of their information technology infrastructure.

This document contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. In addition, from time to time, En Pointe Technologies, or its representatives, have made or may make forward-looking statements, orally or in writing. The words "estimate," "project," "potential," "intended," "expect," "anticipate," "believe" and similar expressions or words are intended to identify forward-looking statements. Such forward-looking statements may be included in, but are not limited to, various

filings made by En Pointe with the Securities and Exchange Commission, press releases or oral statements made with the approval of an authorized executive officer of the Company. Actual results could differ materially from those projected or suggested in any forward-looking statements as a result of a wide variety of factors and conditions. Reference is hereby made to En Pointe's Annual Report on Form 10-K for the fiscal year ended September 30, 2007 for information regarding those factors and conditions. Among the important factors that could cause actual results to differ materially from management's projections, estimates and expectations include, but are not limited to: changing economic influences in the industry; dependence on key personnel; actions of manufacturers and suppliers; and availability of adequate financing. Readers are cautioned not to place undue reliance upon these forward-looking statements that speak only as of the date of this press release. En Pointe undertakes no obligation to update publicly any forward-looking statements to reflect new information, events or circumstances after the date of this press release or to reflect the occurrence of unanticipated events.
