

En Pointe Technologies, Inc. provides Adobe Digital School Collection to engage students in learning and teach them 21st century media literacy, problem-solving, and communication skills. Available through flexible Adobe CLP or TLP volume licensing and ideal for maximizing education stimulus funding, the solution covers web publishing and photo-, video-, and audio-editing and also includes document-management and portfolio-creation tools for enhancing learning experiences in a variety of subjects. The collection—designed for use with a wide range of grade levels and abilities—also comes with a Teacher Resource DVD that includes ready-to-use lesson plans, tutorials, and tips and tricks.

## New Adobe Digital School Collection includes

- Adobe Photoshop® Elements 8 — Extraordinary photos. Amazing stories.
- Adobe Premiere® Elements 8 — Easy video editing. Incredible movies.
- Adobe Contribute® CS4 — Easily update websites and blogs.
- Adobe Acrobat® 9 Pro — Enhance communication and collaboration.
- Adobe Soundbooth® CS4 — Create and edit audio with ease.
- Teacher Resource DVD with lesson plans and more.
