

New Avid Media Composer 4 for Education

Entrenched with Experience, Armed with Technology

• Avid Media Composer 4

Supply your students with the tools and the skills that will allow them to seamlessly move from classroom to cutting room. Imagine working with a powerful and creative editing tool that works the way you want to work, with all the formats you need, and in ways you never thought possible. That's the beauty of award-winning Media Composer. With it, you get the speed, flexibility, reliability, and organization you need to cut films, TV shows, commercials, and other digital media, so you can stay focused on what matters most — telling a great story.

Avid Media Composer lets you:

- Accelerate your storytelling with celebrated tools and media management
- Work with any format and integrate into any workflow
- Get the look, quality, and effects you envision
- Share projects and media for deadline-driven, real-time collaboration
- Connect with the worldwide, world-class Avid community

Avid Media Composer 4 & ARRA Funding

Students who have technical skills in communication in addition to subject matter expertise, fare better at college entrance as well as in job searches. ARRA funding can help schools engage students in exciting projects that prepare them for 21st century jobs working in the world of communications media as well as giving them skills to further their education. Students from every community in America now have the opportunity to change the face and future of the communication industry.
